Instruction Manual

Living walls made easy

General Information

This chapter contains general information about the product and the manual.

Reading and storing the user manual

This user manual belongs to this vertical 1m² kit (referred to as the “product” below). It contains important information on how to set up and use the product.

Read the user manual carefully, the safety instructions, before using the product. Failure to follow this user manual may lead to severe injuries or product damage.

This user manual is based on the standards and regulations that are valid within the European Union. Outside the EU, please also note the country-specific directives and laws.

Keep this user manual for future reference. If you pass this product on to a third party, you must also supply this user manual.

Intended use

The product is exclusively designed to create a vertical living wall at home. It is for private use only and not for commercial use.

Only use the product as described in this user manual. Any other use is improper and may lead to product damage not covered by the warranty or even personal injury.

This product is not a toy.

The manufacturer or retailer assume no liability for damage caused by improper or incorrect use.

Installation Diagram

Maintenance and Disposal Notes

Technical data

Indoor/outdoor durable self-irrigating vertical planter system made from recycled propene polymer (PP).

Planter set dimensions: 480mm(L) x 180mm(H) x 160mm(D).

Each planter has three potted plant pockets and two built-in water filters.

This kit covers surface area: 1m² in various formations or split into smaller living wall projects.

Each planted planter set weighs approx. 4kg (weight includes planter set, plants, soil and water).

Disposal notes

Planter sets are recyclable. Use home recycling collection bin.

Wooden battens are recyclable. Take it to a local household waste recycling centre.

Screws and rawl plugs are not recyclable. Use normal home waste collection bin.

Great care has gone into the manufacture of this product and it should therefore provide you with years of good service when used properly. In the event of product failure within its intended use over the course of the first year after date of purchase, we will remedy the problem as quickly as possible once it has been brought to our attention. In the unlikely event of such an occurrence, or if you require any information about the product, please contact us via our helpline support services, details of which are to be found both in this manual and on the product itself.

This kit can be used by persons with reduced physical, sensory or mental capabilities or lack of experience and knowledge if they have been given supervision or instruction concerning use of the appliance in a safe way and understand the hazards involved.
